Dear Colleagues

RE: RACE WALKING IDENTIFICATION TAGS

On behalf of ASA I would like to bring to your attention the ASA Rule 20.1.1 which states as follows:

During Road Races, which accept walkers, all Walkers must wear a "WALKER" tag to indicate that they are Walkers to be eligible for awards.

It has come to our attention that Provinces apply this rule differently to the confusion of the athletes. In some provinces a "W" tag is acceptable, and in other provinces the Technical Officials insist on a "WALKER" tag. There is also no standard size/format for the tags or a prescribed position on the athletics attire.

All ASA rules will be looked at in the next 6 months, and as an interim measure Provinces are requested to allow any one of the identification tags, mentioned above, at events under their jurisdiction.

I thank you for your kind cooperation.

Regards
